- Exposure to a variety of other local professionals thru Board events, mixers, and other events.
- Publicity for yourself and your business.
- An education on the workings of a strong non-profit organization as well as local government agencies.
- Knowledge of local social issues and solutions regarding child safety.
- A "good feeling" knowing that your efforts will directly impact local families immediately.

WHY I CARE TESTIMONIAL

"I am involved in the Raise Foundation to help our neighbors. Whether a family in an abusive situation or one where the primary earner just lost their job, everyone needs the opportunity to be "raised" to a better place and our organization has been helping with that for over 40 years. It feels good knowing that by my donating a few hours today, can make a huge impact in someone's life tomorrow." ~ Jason Starkman, Board Chair
